## Trendy through winter

### The robust DEZENT TC alloy wheel

The latest compact cars like a Golf VII, Hyundai i30, Kia C'eed, Škoda Octavia and Mazda3 are real all-rounders: to be used as little racers or comfortable "travel companions" or urban activity vehicles. DEZENT has therefore come up with a winterproof alloy wheel that radiates as much power and versatility as the cars themselves: the new TC. The abbreviation could well stand for "trendy and cool"...

The design of the DEZENT TC is in motion at first glance. The five double spokes break out from the centre as if they were rays and in an elegant V-curve then
